*Lynn K. Lail RN, BSN, CFRN, LP, CMTE  
TAAMS Air Med Track Coordinator  
(817) 905-1429*

**Texas Association of Air Medical Services  
Air Medical Track – Meeting Room 10\*  
2022 Texas EMS Conference  
Monday November 21, 2022**

**\*\* Note:** Air Medical Employees of TAAMS members may attend the Air Medical lectures for free following the process below:

When air medical crew members/attendees present to the conference, they **must be in uniform** and should go directly to the room that has been dedicated to the Air Medical Track lectures. Upon arrival there, Lee Ann Fewell (room monitor) will give them a badge that will have “Air Medical Track” printed on it. The badge won’t have names or a scanning code, so it will be good only for the Air Medical Track. Access to the Air Medical Track does not include other Texas EMS Conference events, including the Exhibit Hall, other Conference classes, or Monday lunch. If Air Medical Track attendees who are not registered for the conference would like to receive EMS CE as well as nursing CE, they **MUST** tell Lee Ann Fewell. She will assist with signing up for both EMS and nursing CE. She will also provide a printout to track EMS CE, which should be presented to DSHS if requested. Texas EMS Conference will keep the EMS sign-in sheets on file for five years.

**IMPORTANT:** Signing in for EMS CE is required for the Air Medical Track **only** if you do not have a full-conference, scannable badge. Nursing CE is handled separately from EMS CE.
